2. Minutes of Previous Meeting

The minutes of the 18 June 2026 meeting were approved without amendment.

3. CEO and Financial Update

The CEO reported Q3 FY2026 revenue of SGD 18.4M (Q2: SGD 16.9M), gross margin of 61 percent, opex of SGD 12.1M and a net loss of SGD 0.9M, improved from SGD 2.1M in Q2. Cash stood at SGD 64M. Payment volume reached SGD 1.9B and active SME customers approximately 31,000. The CFO presented a FY2026 revenue forecast of SGD 69M and expects break-even in H1 2027. The board noted the report.

4. FY2027 Budget Envelope

The CFO presented the draft FY2027 budget with a revenue target of SGD 92M and an opex envelope of SGD 54M. After discussion on hiring pace (net 50 hires) and marketing efficiency, RESOLVED: the board approves in principle the FY2027 opex envelope of SGD 54M and revenue target of SGD 92M, subject to a final budget presentation on 10 December 2026. Mr Wee asked for quarterly gating of Vietnam spend.

5. Vietnam Launch and Project Merger

Vietnam launch: management presented the business case for entering Vietnam via the Ho Chi Minh City entity, with a target launch in Q2 2027, initial investment of SGD 6.5M over 18 months and a target of 2,500 SME customers by end FY2027. RESOLVED: the board gives the go-ahead for the Vietnam launch, with funding released in two tranches (SGD 3.0M now, SGD 3.5M on licence confirmation).

Project Merger: the CEO briefed the board on a proposed acquisition of a small payments startup, codenamed Project Merger, a Singapore-based payment gateway with about 40 staff. Indicative enterprise value range is SGD 28M to 34M, payable in cash and shares. Mr Wee disclosed that his fund holds a minority stake in a co-investor in the target, and left the room for the discussion. RESOLVED: management is authorised to sign a non-binding term sheet and to enter 45 days of exclusive due diligence, with a maximum external spend of SGD 450,000. A binding offer requires further board approval. All directors are reminded that Project Merger is strictly confidential and market-sensitive.

6. Risk Committee Report

Dr Pillai and the CRO reported on the quarter. Top risks: (1) third-party banking partner concentration - two partners account for 78 percent of settlement flows; mitigation is onboarding a third by Q1 2027; (2) fraud losses at 2.6 bps of volume, within the 4 bps appetite; (3) MAS Technology Risk Management inspection findings, with 2 medium findings closed and 1 open until 31 October; (4) one reportable incident, a 47-minute payment API outage on 3 September, notified to MAS within the required window. The board noted the report and approved a revised Risk Appetite Statement lowering the single-counterparty exposure limit from 35 percent to 30 percent.
