Aspire Demo Pte Ltd - Remote and Hybrid Work Policy

Document ID: H05
Department: HR
Owner: Amelia Koh, Head of HR Operations
Version: v1.0
Effective Date: 2026-03-01
Classification: Public
Compartments: none

1. Purpose and Scope

This policy explains how employees work from locations other than the office. It applies to all employees whose role can be performed remotely. Roles requiring on-site presence, such as Card Ops embossing and the Security operations room, follow the roster issued by the Head of Department.

2. Hybrid Working Model

• Employees work from the office at least 3 days per week; Tuesday and Thursday are anchor days when whole teams are expected on site.

• The other days may be worked from home or an approved remote location within the country of employment.

• Managers may agree a different pattern for a team for business reasons; the pattern must be recorded in the HR system.

• Core collaboration hours are 10:00 to 16:00 SGT; business hours are 9:00 to 18:00 SGT.

• New hires attend the office 5 days per week during their first 4 weeks.

3. Work From Anywhere

Employees who have completed probation may work from outside their country of employment for up to 20 days per calendar year (Work From Anywhere, WFA). Requests must be submitted at least 14 days in advance and approved by the line manager and HR. Conditions: the destination is not on the Compliance restricted-country list; the employee holds the right to work or the stay does not create a tax or permanent establishment risk (HR and Finance review stays over 10 consecutive days); working hours overlap with at least 4 hours of SGT business hours; and the employee works only from a secure private network. Employees in customer-data-heavy roles (Compliance, Card Ops, Risk & Credit) need Head of Department approval and may not access production customer data from WFA locations without Security approval.

4. Security Requirements

• Use only company-managed laptops with full-disk encryption, endpoint protection and automatic updates enabled.

• Connect through the company VPN when using any network other than the office; public Wi-Fi without VPN is prohibited.

• Multi-factor authentication is mandatory for all systems.

• Screens must lock after 5 minutes; do not work on confidential material in public places where screens can be seen.

• Customer personal data must not be stored locally, printed, or sent to personal email or messaging apps (PDPA obligations).

• Lost or stolen devices must be reported to the Security team within 1 hour via the 24x7 hotline.

• Do not share company devices with family members.

5. Equipment and Allowance

Aspire provides a laptop and, on request, a monitor. Each employee receives a one-time home office equipment allowance of SGD 300, claimed through Aspire Spend within 90 days of joining or of starting hybrid work, with receipts, for items such as a monitor stand, chair cushion, keyboard or headset. A monthly internet and mobile allowance of SGD 40 is paid with payroll. Equipment purchased with the allowance belongs to the employee; company laptops must be returned on exit.

6. Performance, Health and Safety

Performance is assessed on outcomes, not location. Employees must be reachable during core hours and keep calendars current. Employees are responsible for a safe ergonomic workspace; the Workplace Safety and Health Act applies to the employee's home office to the extent of work-related injuries. Injuries during working hours must be reported to HR within 24 hours.

7. Review and Withdrawal

The company may withdraw or modify remote working arrangements for performance, security or business reasons with 14 days notice. Breaches of the security requirements may lead to disciplinary action. This policy is reviewed annually by HR and Security.
