Aspire Demo Pte Ltd - Employee Handbook

Document ID: P02
Department: People and Culture
Owner: Daniel Koh, Head of People Operations
Version: v2.1
Effective Date: 2026-01-01
Classification: Public
Compartments: none

1. Purpose

This handbook sets out the standards of conduct and the basic working arrangements that apply to everyone employed by or contracted to Aspire Demo Pte Ltd in Singapore, Ho Chi Minh City and Jakarta. It is a summary; where local employment law or your contract provides differently, those prevail. For all questions about leave, benefits and pay, please see HR.

2. Code of conduct

• Act with honesty and integrity in all dealings with customers, colleagues, vendors and regulators.

• Treat colleagues with respect. Harassment, discrimination and bullying are never tolerated and may lead to dismissal.

• Declare any conflict of interest to your line manager and to Compliance within 5 working days of becoming aware of it.

• Gifts and hospitality from vendors or customers above SGD 100 in value must be declared in the gifts register; cash or cash equivalents must always be declined.

• Never trade on, or share, inside information about customers or partners.

3. Working hours

Standard business hours are 9:00 to 18:00 Singapore time (SGT), Monday to Friday, with a one-hour lunch break. Core collaboration hours, when staff are expected to be reachable on Aspire Hub, are 10:00 to 16:00 SGT. Teams that operate a rota, such as Customer Support and the Aspire Core on-call engineers, follow the schedule published by their manager. Hybrid working is permitted up to 2 days per week from home with manager agreement; Ho Chi Minh City and Jakarta offices follow the same pattern in their local time zone, aligned to the SGT core hours.

4. IT acceptable use

• Company laptops must use full-disk encryption and automatic screen lock after 5 minutes of inactivity.

• Use only approved software from the company catalogue. Installing unapproved tools requires a SupportDesk request approved by the Security team.

• Multi-factor authentication is mandatory for Aspire Core, email and Aspire Hub.

• Do not paste customer data, source code or confidential documents into public AI tools or personal cloud storage.

• Report lost devices, suspected phishing or malware to SupportDesk (category 'Security') immediately and within 1 hour of discovery.

• Personal use of company systems must be minimal, lawful and must not interfere with work. Company systems may be monitored in accordance with the PDPA and company policy.

5. Data protection and confidentiality

Employees must classify and handle information in line with the Data Classification Policy (P04). Customer personal data may be accessed only where required for your role. Confidentiality obligations continue after your employment ends.

6. Expenses

Business expenses are claimed through the spend management tool and are governed by the Finance Expense Policy. Please consult that policy for limits, approval levels and submission deadlines; this handbook does not restate them.

7. Speak-up channel

Anyone who suspects fraud, bribery, money laundering, safety breaches or other misconduct is encouraged to speak up. You may report to your manager, to Compliance, or anonymously via the Speak-Up hotline and web form operated by an independent third party. Reports are acknowledged within 3 working days and reviewed by the Ethics Committee. Aspire prohibits retaliation against anyone who raises a concern in good faith. Retaliation is itself a disciplinary offence.

8. Disciplinary process

Alleged breaches are investigated fairly. The employee will be told of the allegation, may respond, and may be accompanied to meetings by a colleague. Outcomes range from a verbal warning to termination for serious misconduct.

9. Leave and benefits

Leave entitlements and benefits are not set out here. Please see HR for the current policy and how to apply.
