Additional virtual cards beyond the tier allowance on Starter and Growth are charged at SGD 2 each per month.

5. Worked examples

• A Growth customer sending 100 local transfers and 2 SWIFT payments in a month pays SGD 49 + SGD 0 + SGD 24 = SGD 73 plus FX margin on any conversions.

• A Starter customer making 50 local transfers pays SGD 10 in transfer fees on top of SGD 0 platform fee.

• A Scale customer with SGD 150,000 card spend earns SGD 1,500 cashback; spend of SGD 300,000 is capped at SGD 2,000 cashback.

6. Footnotes

• (1) The FX margin is applied on top of the interbank mid-market rate at the time of conversion.

• (2) The SWIFT fee covers Aspire charges only. Intermediary or beneficiary bank charges may apply and are outside Aspire's control.

• (3) Cashback is credited by the 5th business day of the following month and excludes fees, interest, cash advances and refunded transactions.

• (4) Credit limits are subject to credit assessment and may be reduced at Aspire's discretion following risk review.

• (5) Tier upgrades take effect immediately; downgrades take effect at the start of the next billing month.

• (6) Fees may be changed with 30 days' written notice to customers.

7. Exceptions and discounts

Custom pricing is not part of this schedule. Account managers may offer a one-time platform fee waiver of up to 3 months for new Growth customers with Sales Director approval. Any other deviation from this schedule requires written approval from the Pricing Committee. Support agents must quote only the figures in this document.
